Dickinson Square Building
1600 E Moyamensing Ave

Park Trees of Tomorrow is a pilot project led by Fairmount Park Conservancy, Philadelphia Parks & Recreation, and local Park Friends groups. Every park – and its tree canopy – is unique. This project gathers community input to understand how neighbors use their park and how trees shape their park experience, in support of the Philly Tree Plan, a 10-year plan to grow and care for the city's trees.
